

Good Earth

COFFEEHOUSE™

To our community,

On behalf of everyone at Good Earth Coffeehouse, thank you for trusting us to serve you.

The health and wellbeing of our customers, our partners, our families, and our communities is of utmost importance to all of us.

In response to the coronavirus, we began rolling out new procedures the week of March 2nd. We will continue to make changes as new information comes to us from our health authorities. Here are a few of our actions:

- Increased sanitizing all “high touch” areas, including areas which are frequent points of contact with staff and customers.
- Suspended the use of personal travel mugs.
- Closed our self-serve condiment and drinking water areas. Please ask our staff for anything you may need.
- Assigned task-specific staffing so the person conducting your transaction is not handling food.
- Ensured staff understand the importance of staying home as needed.
- And as always, we have placed great importance on proper hand washing.

We promise you, we will stay well-informed and make changes as needed to protect your health.

We greatly value your support and trust. And we look forward to continuing to serve you exceptional coffee and wholesome food!

Let’s get through this together.

With clean hands and open hearts,

Michael & Nan, Founders
